

F600A & F601A

The F600A and F601A platforms have so many safety features - where to start? How about with the largest platform width: 52". A ramp can be attached to the platform to run perpendicular to the trailer

A ramp can be attached to the platform to run perpendicular to the trailer to avoid running into traffic.

The hinged down mini-ramp makes it easy to transition from the trailer floor to the platform.

Featuring a front safety rail, the F600A and F601A helps ensure safer deliveries for drivers.
