SAFE  FLEET

Driving Safety Forward™

INSULATED BULKHEADS

Keep Your Cool in Transit

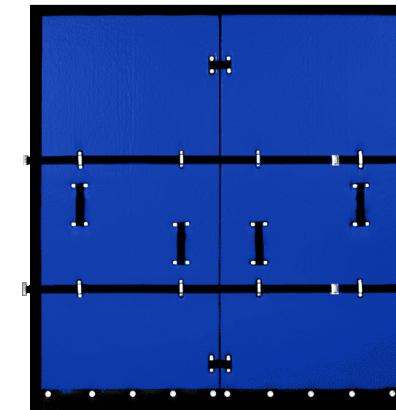

Randall Temp Control bulkheads provide you with solutions that we have been perfecting for nearly 30 years. There are a variety of highly-engineered configurations and solutions to handle multi-zone climates in a single load, or keep outside temps away from your sensitive cargo. As part of the Safe Fleet offering, we bring you innovation, engineering and value.

The Safe Fleet Difference:

- **Ballistic nylon perimeter seals, UHMW skid guards, and recessed hardware**
BH2000 includes one-of-a-kind modular design with superior life, replaceability and durability.
- **3" closed cell foam**
Barrier against heat transfer to maintain proper temperatures.
- **Antimicrobial vinyl technology**
All vinyl bulkheads are treated to stop bacteria in its tracks.
- **Lightweight for easy moves and transfers**
At 60-lbs, CoolGuard bulkhead is easy and move and transfer.

RANDALL INSULATED BULKHEADS

BH2000

The insulated bulkhead with the best perimeter seal on Earth!

One-of-a-kind Modular design that has superior life, replace-ability and durability. Ballistic, aka Toughest Nylon Perimeter Seals. The Strongest Skid Guard available, with recessed hardware.

CORE	EXTERIOR	SEALS & HARDWARE
<ul style="list-style-type: none"> ▪ 3" closed cell foam ▪ Superior insulation ▪ Water Resistant 	<ul style="list-style-type: none"> ▪ Blue, 18 oz vinyl ▪ Skid Guard: 9" or 12" UHMW upgrade available ▪ Replaceable Ballistic nylon perimeter seals 	<ul style="list-style-type: none"> ▪ Recessed hardware prevents damage ▪ Ballistic nylon center hinge and perimeter seals are replaceable

COOLGUARD

Light on weight, strong on performance.

Light weight, easy to move and transfer. The Fiberglass Stiffening Rods are optimized for structural integrity. Double reinforced, double laminated with a smooth surface.

CORE	EXTERIOR	SEALS & HARDWARE
<ul style="list-style-type: none"> ▪ Water Resistant ▪ 3" closed cell foam ▪ Vertical stiffening rods, 2 per half, 4 per bi-fold 	<ul style="list-style-type: none"> ▪ Blue, 18 oz vinyl ▪ Skid Guard: 9" or 12" UHMW upgrade available ▪ Antimicrobial protection treated vinyl 	<ul style="list-style-type: none"> ▪ Recessed hardware prevents damage ▪ Antimicrobial protection treated vinyl proven to stop bacteria in its tracks

RANDALL INSULATED BULKHEADS

INSULATED BULKHEADS CUSTOMIZATION

Z SHAPE

Odd or even pallets, the Z shape conforms in a snap.

High performance features. Superior perimeter seals, skid guard and hardware. Slick Z Shape design conforms to odd pallets. The "Z" converts to a traditional transverse design for even pallets.

CORE	EXTERIOR	SEALS & HARDWARE
<ul style="list-style-type: none"> Closed cell foam Superior insulation value Water Resistant 	<ul style="list-style-type: none"> Blue, 18 oz vinyl 10" UHMW skid guards; one piece extruded construction Replaceable Ballistic nylon perimeter seals 	<ul style="list-style-type: none"> Recessed hardware prevents damage Ballistic nylon center hinge and perimeter seals are replaceable

VERSAFIT

One size can fit all with VersaFit.

3" compression to meet varying trailer heights. Accordion Hinge, that can accommodate up to 2" width variances. Flexible Skid Guard, laminated smooth with no fasteners to catch.

CORE	EXTERIOR	SEALS & HARDWARE
<ul style="list-style-type: none"> Vertical stiffening rods, 2 per half, 4 per bi-fold 3" closed cell foam Water Resistant 	<ul style="list-style-type: none"> Blue, 18 oz vinyl Flexible skid guard Flexible, UniSeal top for height adjustment Adjustable center accommodates width adjustment 	<ul style="list-style-type: none"> Logistic straps and handles, standard Reinforced hinges, standard Additional options available

DELIVERY VAN

We fit all delivery van body makes, models, and sizes.

One-of-a-kind modular design, superior life, replaceability, durability. Ballistic, aka Toughest, Nylon Perimeter Seals. Custom manufactured for every make and model.

CENTER DIVIDE SYSTEMS

Right Down the Middle

Randall Center Divide Systems offer flexibility to divide the trailer down the center with ABS, or lightweight panels to create as many as three distinct temperature zones and an ambient area. Dividing the trailer into zones helps protect your bottom line while protecting temperature-sensitive goods during transit.

ABS Center Divide System

- Standard Center Divide System that tackles air flow, durability and ease of configuration.
- Fit and function come together with its HDPE male/female side rails, ballistic nylon seals, and UHMW skid guards.
- Exterior also features recessed airflow channels, one-piece bottom extrusion, and no catch, recessed hardware.
- Optional customizations to best fit your needs, including, ratchet or hydraulic load bar, half bulkheads, return air bulkhead, air diverter, 6' or 9' high impact plate, optional aluminum reinforcement on the last panel.
- Ideal for many day-to-day multi temp applications.

CoolGuard Center Divide System

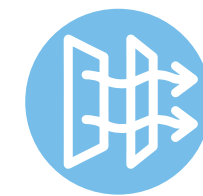

- Innovative design is 20% lighter than comparable systems, making it easier and safer for drivers to move, transfer and install panel.
- First and last panels can be reinforced to withstand damage from machinery that commonly comes in contact with the system, like forklifts and material moving equipment.
- Ultra-durable material is proven to stand up to the job under robust testing.
- More cost effective solution creates greater cost savings while continuing to provide the flexibility to divide a trailer down the center and optimize space.

Durable
Impact-resistant composite, ballistic nylon seals and UHMW skid guards.

Customized
Standard or custom sized panels, available in optional lightweight material, configured to meet your requirements.

Efficient
Recessed airflow channels efficiently move air throughout the system.

REAR & SIDE CURTAINS

Conserve and Protect

Our trailer curtains keep cold air in and warm, humid air out to help protect your inventory. They also keep dust, insects, and debris from entering the trailer through rear and side doors. Containing cool air reduces refrigeration unit run time, fuel usage, and maintenance—leading to longer trailer life and cost savings. Loading and unloading is fast and easy, minimizing disruptions to your delivery route.

Rear Trailer & Trailer Side Curtains: Customized to fit the needs of your delivery route

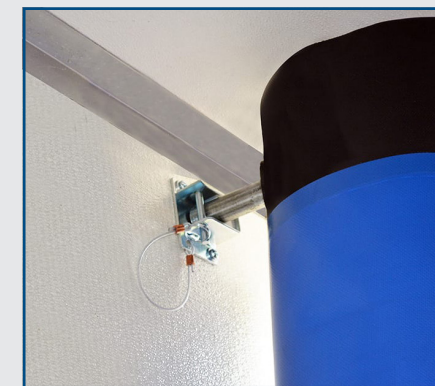

- Superior thermal barrier**
 Built from commercial grade materials to keep cargo temperatures in place.
- Unbeatable selection**
 Variety of curtain options for rear and side doors, including roller, rear pull down, quick release, gravity, and strip curtains.
- Windows**
 Trailer curtain windows let the light shine through for increased safety.
- User-friendly designs**
 Roller tracks, Velcro straps, locking brackets, and more make these the driver-preferred trailer curtains.

REAR ROLLER CURTAIN (RRCV) Rolls off the side to keep you moving

Roller Track rolls from side to side for easy loading and delivery. The Tie-Back Straps allow you to secure the curtain to the wall. Extra Low Temp Windows are also available.

EXTERIOR	HARDWARE & SECUREMENT	OPTIONS
<ul style="list-style-type: none"> 18 oz commercial grade vinyl Trimable vinyl sweep 22" x 52" clear view window Opens in center 	<ul style="list-style-type: none"> Roller track and side brackets included Chain-weighted for stability Velcro® tabs secure curtain to sidewall 	<ul style="list-style-type: none"> Center magnets Velcro® straps Extra Low Temp Window includes insulated core for applications down to -20 degrees

QUICK RELEASE CURTAIN The curtain releases without tearing

Stationary or Movable mounts accommodates all types of door systems. Break-away Grommets have 150 pound tear strength; easily reinstalled. Chain Weighted prevents curtain from sailing in all types of weather.

EXTERIOR	HARDWARE & SECUREMENT
<ul style="list-style-type: none"> 18 oz commercial grade vinyl 150 pound tear strength to disengage the curtain 22" x 52" clear view window Trimable vinyl sweep 	<ul style="list-style-type: none"> Galvanized steel pipe and side brackets included Stationary or movable mounts available Chain weighted for stability Secured to side logistic track with magnets Extra low temperature window

REAR TRAILER CURTAIN LINEUP

REAR PULL DOWN CURTAIN

Easy up, easy down, locks in place

Easy to install integrated wall brush assembly. Clear View Window lets the light shine in. The Two Pull Straps for ground & loading dock operation.

EXTERIOR	HARDWARE & SECUREMENT	OPTIONS
<ul style="list-style-type: none"> 18 oz vinyl 22 oz trimmable vinyl sweep Clear view window Two pull straps Accommodates swing & roll up door applications 	<ul style="list-style-type: none"> Integrated side wall brush assembly Locking brackets secure curtain in stowed position Hi-visibility orange guard bar protects curtain from frontal damage 	<ul style="list-style-type: none"> Retractable design Tight perimeter seals provide superior temp control Easy installation with minimal components

REAR STRIP DOOR CURTAIN

Economical. Effective. Versatile.

Overlapping design prevents leakage. Fixed PVC Strips part easily and come back quickly. Custom Made & Replaceable, fits each door's dimensions; individual strips are replaceable.

WHAT'S INCLUDED	CONFIGURATIONS	OPTIONS
<ul style="list-style-type: none"> Overlapping, custom-cut pvc strips, & mounting hardware Can be used with conventional roll-up doors or swing doors 	<ul style="list-style-type: none"> Variety of configurations - fixed, pivoting, removable strip doors 	<ul style="list-style-type: none"> Optional Hard Wire and Low Temp strips provide additional protection

TRAILER SIDE CURTAIN LINEUP

SIDE ROLLER CURTAIN (SRCV)

SRCV moves from side to side on rollers

The Roller Track rolls from side to side for easy loading and delivery. The Velcro® wall tabs can easily be pushed aside and secured to wall. The curtain also has a large clear view window included.

EXTERIOR	OPTIONS
<ul style="list-style-type: none"> 18 oz commercial grade vinyl Trimmable vinyl sweep Roller track and side brackets included Chain-weighted for stability Velcro® tabs secure curtain to sidewall 	<ul style="list-style-type: none"> Extra low temperature window Web straps or e-clips to secure the curtain to the sidewall

GRAVITY CURTAIN

May the force of gravity be with you - at the side door

Split Pane Windows lets the light shine in. Track mounted on an incline, automatically closes behind driver. The Velcro® Wall Mounts easily secures to wall.

EXTERIOR	HARDWARE & SECUREMENT
<ul style="list-style-type: none"> 18 oz commercial grade vinyl 22 oz trimmable vinyl sweep 22" x 52" extra low temperature split-pane windows 	<ul style="list-style-type: none"> Hardware and trolley system included Fastens to sidewall with Velcro® Chain weighted to prevent sailing Curtain and hardware weigh 25 lbs

SIDE DOOR STRIP CURTAIN

Economical. Effective. Versatile.

The curtains are Custom Made & Replaceable and fit each door's dimensions; individual strips are also replaceable. Fixed PVC Strips part easily and come back quickly. The Overlapping design prevents leakage.

WHAT'S INCLUDED & OPTIONAL
<ul style="list-style-type: none"> Overlapping, custom-cut pvc strips, and mounting hardware Optional Hard Wire and Low Temp strips provide additional protection

INSULATED COVERS & CONTAINERS

Protect your perishable and temperature-sensitive products

When the name of the game is keeping perishable, heat-sensitive products cool – Randall’s insulated bags, insulated pallet covers and insulated containers are the smart choice. Ice cream, fruits and vegetables, prepared meals and pharmaceuticals stay cool and protected during transit or while sitting on a dock.

Three types of product to choose from:

- **Insulated Pallet Covers, Blankets, and Cart Covers**

Randall Temp Control insulated pallet covers and thermal blankets provide an effective barrier to keep product temperatures stable during transit or while sitting on a dock.

- **Insulated Bags**

They are known in the industry as Ice Cream Bags. In reality, Randall Temp Control insulated bags are multi-purpose powerhouses – ideal for transporting temperature-sensitive items such as ice cream, fruits and vegetables, prepared meals, and pharmaceuticals.

- **Durable Insulated Containers**

Durable Insulated Containers from Randall keep temperature-sensitive products at the proper temperature and preserve product quality.
